

**Item Name :** Hydra Model 4 Parts

**Item Code :** 4246.2008.01

**Item Description :**

This 4-part model shows longitudinal and cross sectional views of the hydra, highlighting significant anatomical features, including the ectoderm, mesoderm and endoderm. It also shows internal structures, including nematoblasts, epithelial cells, sensory cells, interstitial cells and the nerve network. An additional block model shows the external structure of the hydra.
