

Item Name : Receiver Bend Vertical

Item Code : 028.2008.01

Item Description :

Receiver Bend Vertical – Laboratory Glassware for Secure Fluid

Receiver Bend Vertical is a specialized **laboratory glassware adapter** designed for **direct fluid flow and efficient sample collection**.

Key Features

- **Premium Borosilicate Glass** – Offers **durability, thermal resistance, and high chemical stability**.
- **Vertical Bend Configuration** – Supports **direct gravity-assisted fluid transfer**, minimizing losses.
- **Leak-Proof & Contamination Resistant** – Ensures **precise fluid reception and controlled sample handling**.
- **Standardized Joint Compatibility** – Available in **multiple cone sizes**, adaptable for different laboratory setups.

Why Choose Our Receiver Bend Vertical?

Designed for **accurate laboratory operations**, these adapters enable **efficient sample transfer**, **fluid redirection**, and **controlled**

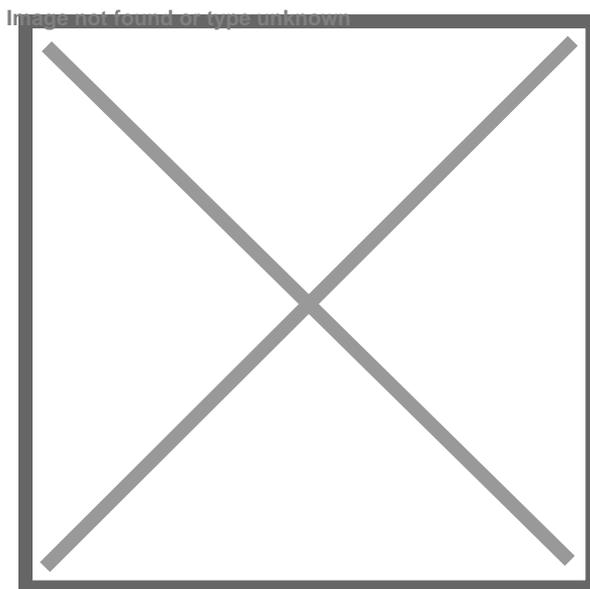

Applications

- **Chemical Research & Analytical Procedures** – Supports **controlled fluid redirection for experimental workflows**.
- **Biotech & Pharmaceutical Laboratories** – Ensures **precise sample containment and fluid flow control**.
- **Industrial Glassware Integration** – Ideal for **scientific fluid handling and sample reception**.

Enhance Your Laboratory Efficiency Today

Upgrade your **experimental workflow** with **Receiver Bend Vertical**, engineered for **precision fluid handling, reliable sealing, and**
