

**Item Name :** Splash Heads Pear Shape Vertical

**Item Code :** 032.2008.01

**Item Description :**

## Splash Heads Pear Shape Vertical – Laboratory Glassware for C

Splash Heads Pear Shape Vertical are precision-engineered laboratory adapters designed for efficient fluid separation and condensation

### Key Features

- **Premium Borosilicate Glass** – Provides superior thermal stability and chemical resistance.
- **Pear-Shaped Vertical Design** – Facilitates controlled fluid separation and minimizes splashing.
- **Leak-Proof & Contamination Resistant** – Ensures sample integrity during laboratory procedures.
- **Standardized Joint Compatibility** – Available in multiple cone sizes to fit laboratory flasks and condensers.

### Why Choose Our Splash Heads Pear Shape Vertical?

Designed for laboratory precision, these splash heads enhance fluid separation efficiency while preventing unwanted splashing. Their pear

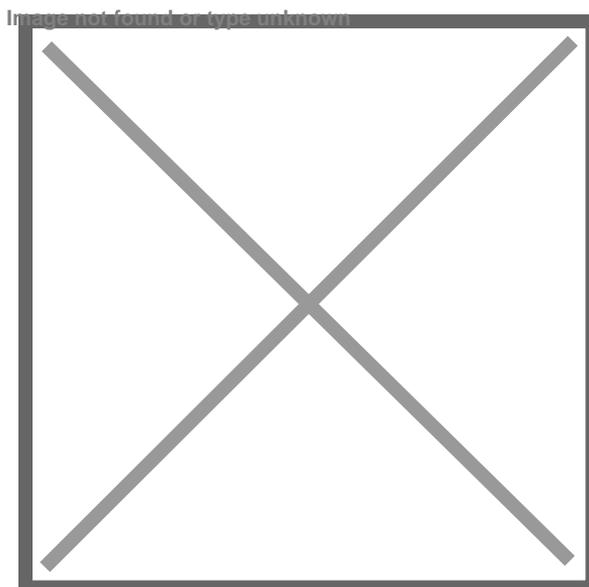

### Applications

- **Chemical & Pharmaceutical Research** – Supports controlled fluid separation in experimental setups.
- **Biotech & Medical Laboratories** – Ensures efficient sample containment for analytical procedures.
- **Industrial & Scientific Glassware Integration** – Facilitates fluid transfer in manufacturing and testing environments.

### Enhance Your Laboratory Efficiency Today

Improve fluid separation accuracy with Splash Heads Pear Shape Vertical, designed for controlled condensation and secure laboratory o
