

Item Name : Adapter Socket To Rubber Tubing

Item Code : 036.2008.01

Item Description :

Adapter Socket To Rubber Tubing – Straight with PTFE Stopcock

Adapter Socket To Rubber Tubing is a precision-engineered laboratory connector designed for controlled fluid transfer. Featuring a straight

Key Features

- **Straight Connection** – Optimized for efficient fluid flow and secure tubing attachment.
- **PTFE Stopcock Integration** – Allows precise control over fluid transfer.
- **Leak-Proof & Contamination Resistant** – Ensures sample integrity during laboratory procedures.
- **Optional Variants Available** – Can be supplied with Glass Stopcock or Right Angle connections.

Why Choose Our Adapter Socket To Rubber Tubing?

Designed for laboratory precision, this adapter enhances fluid transfer efficiency while maintaining airtight sealing. Its straight configuration

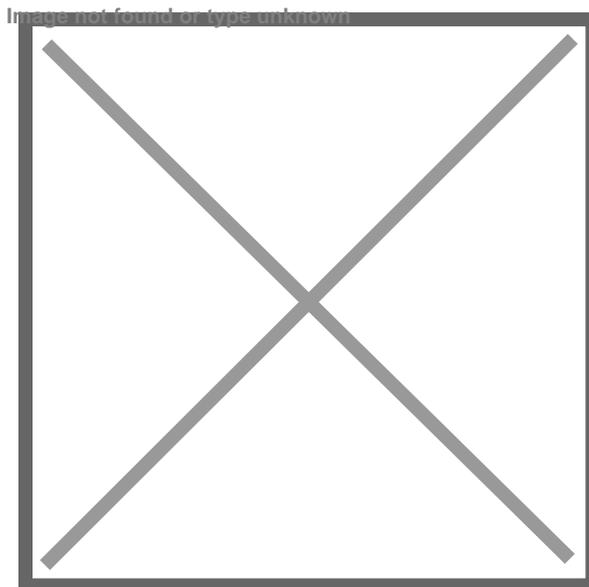

Applications

- **Chemical & Pharmaceutical Research** – Supports controlled fluid transfer in experimental setups.
- **Biotech & Medical Laboratories** – Ensures efficient sample containment for analytical procedures.
- **Industrial & Scientific Glassware Integration** – Facilitates fluid transfer in manufacturing and testing environments.

Enhance Your Laboratory Efficiency Today

Improve fluid transfer accuracy with Adapter Socket To Rubber Tubing – Straight with PTFE Stopcock, designed for controlled fluid move
