

Item Name : Drying Tube Straight With One Bulb

Item Code : 042A.2008.01

Item Description :

Drying Tube Straight With One Bulb – Laboratory Glassware for

Drying Tube Straight With One Bulb is a specialized laboratory adapter designed for efficient moisture absorption in chemical reactions. M

Key Features

- **Premium Borosilicate Glass** – Provides superior thermal stability and chemical resistance.
- **Single Bulb Design** – Facilitates controlled airflow while preventing desiccant contamination.
- **Leak-Proof & Contamination Resistant** – Ensures sample integrity during laboratory procedures.
- **Standardized Joint Compatibility** – Available in multiple sizes to fit laboratory setups.

Why Choose Our Drying Tube Straight With One Bulb?

Designed for laboratory precision, this drying tube enhances moisture control efficiency while preventing unwanted condensation. Its strai

Applications

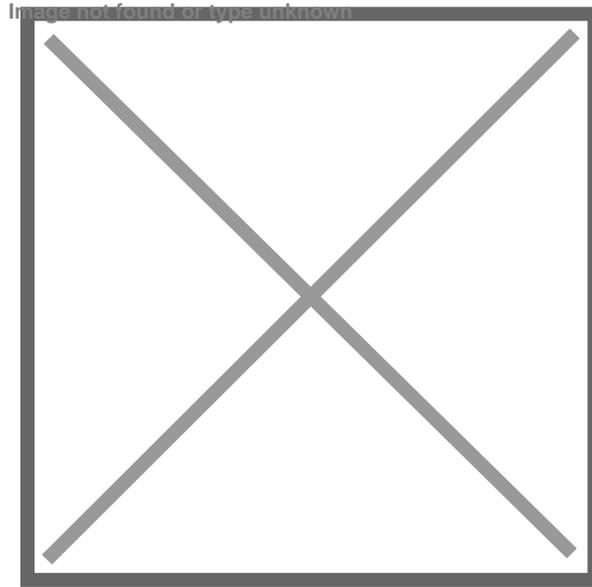

- **Chemical & Pharmaceutical Research** – Supports controlled moisture absorption in experimental setups.
- **Biotech & Medical Laboratories** – Ensures efficient sample containment for analytical procedures.
- **Industrial & Scientific Glassware Integration** – Facilitates moisture control in manufacturing and testing environments.

Available Variants

1. 100mm length, 12mm diameter
2. 150mm length, 20mm diameter
3. 200mm length, 25mm diameter

Enhance Your Laboratory Efficiency Today

Improve moisture absorption accuracy with Drying Tube Straight With One Bulb, designed for controlled airflow and secure laboratory op
