Item Name : Plastic Joint Clips Colour Coded

Item Code : 056.2008.01

Item Description :

Plastic Joint Clips Colour Coded – Laboratory Glassware for Se

Plastic Joint Clips Colour Coded are precision-engineered laboratory accessories designed for secure attachment of glass joints. These o

Key Features

- **Durable Plastic Construction** – Provides excellent chemical resistance and long-term durability.
- **Colour-Coded Identification** – Allows easy recognition of joint sizes for quick assembly.
- **Secure Grip & Stability** – Prevents accidental joint separation during experiments.
- **Available in Multiple Sizes** – Compatible with various laboratory glassware joints.

Why Choose Our Plastic Joint Clips Colour Coded?

Designed for laboratory precision, these clips enhance joint stability while ensuring easy identification of different sizes. Their colour-code

Applications

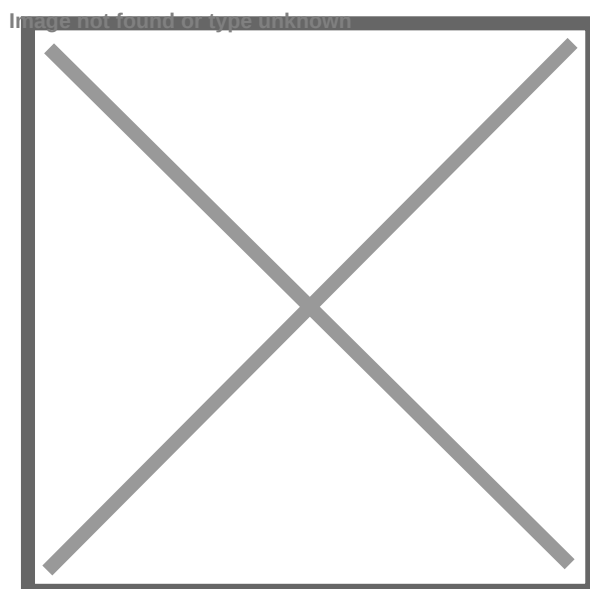

- **Chemical & Pharmaceutical Research** – Supports secure glass joint connections in experimental setups.
- **Biotech & Medical Laboratories** – Ensures efficient containment of glassware assemblies.
- **Industrial & Scientific Glassware Integration** – Facilitates stable joint connections in manufacturing and testing environments.

Available Sizes & Colour Codes

1. Joint Size: 10/19 – Mint
2. Joint Size: 12/21 – Violet
3. Joint Size: 14/23 – Yellow
4. Joint Size: 19/26 – Blue
5. Joint Size: 24/29 – Green
6. Joint Size: 29/32 – Red
7. Joint Size: 34/35 – Orange
8. Joint Size: 40/38 – Ochre
9. Joint Size: 45/50 – Brown

Enhance Your Laboratory Efficiency Today

Improve joint stability with Plastic Joint Clips Colour Coded, designed for secure glassware connections and optimized laboratory workflow
