

Item Name : Power Supply Battery Eliminator

Item Code : 3100.2008.01

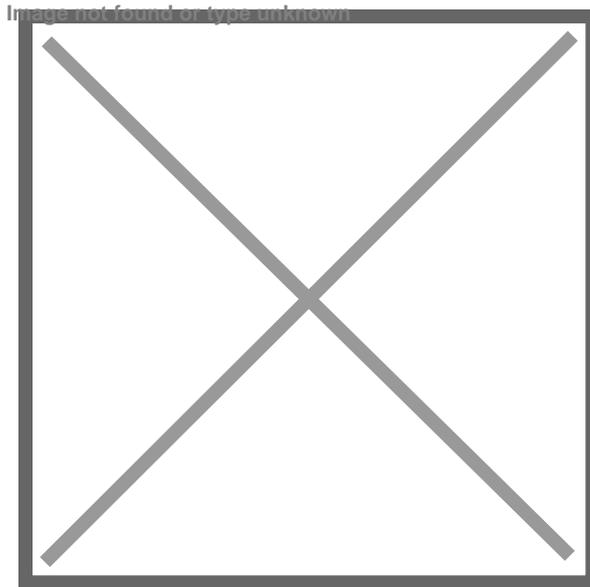

Item Description :

This variable power supply delivers reliable low voltage DC output and is a must for every classroom. It features dual 4mm banana plug receptacles color coded + / - switching output selector and on/off switch with power-on LED lamp. The rotary selector switch enables the user to select the following DC voltages: 3.0, 5.0, 6.0, 7.5, 9.0, 12.0.

*Banana plug wires in product photo are for illustration purposes only and are not included.

Features:

- Extremely Compact • Highly Portable
 - Useful as a Battery Eliminator • Weight: 2 lbs
- Output Specifications: • Output Voltage: 3-12V DC @ 2Amax
- Output Voltage Selections: 3.0, 5.0, 6.0, 7.5, 9.0, 12.0 DC
- Input Specifications: • Supply Voltage: AC 110V • Frequency: 60Hz
