

**Item Name :** Voltmeter

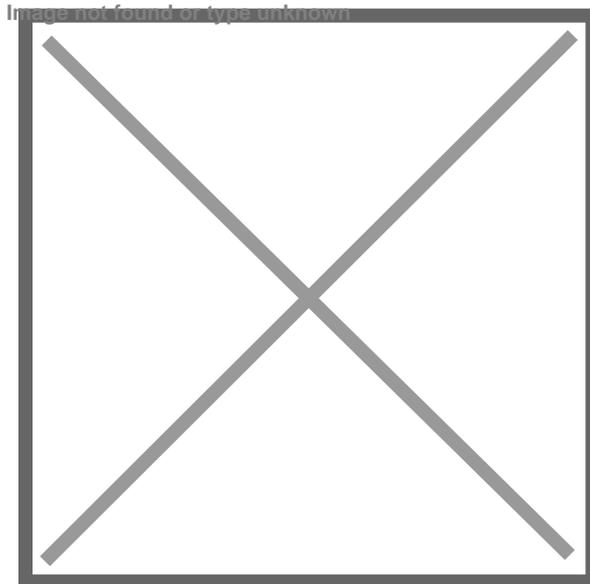

**Item Code :** 3132.2008.01

**Item Description :**

This instruments for measuring voltage resp. current in shock-proof desktop housings built especially student and practical lab experiments with moving coil instruments, mirror scale and 4-mm safety sockets.

- Specifications:
- Measurement ranges: 3 V, 15 V, 300 V
  - Scale division: 0.1 V, 1 V, 10 V
  - Internal resistance: 50 Ohm, 50 mV
  - Accuracy: class 2.0
  - Dimensions: 90x106x103 mm
